Chennai, Tamil Nadu, India

+91-9150735281 — dheerajmanvith@gmail.com — GitHub — LinkedIn

Professional Summary

Computer Science undergraduate with internship experience in full-stack and frontend development. Skilled in Java, Python, SQL, React.js, Flask, REST APIs, and workflow automation. Built enterprise-style applications with authentication, role-based access control, data modeling, and AI-powered solutions.

Technical Skills

Languages: Java, Python, SQL, JavaScript

Frontend: React.js, HTML5, CSS3

Backend: Flask, REST APIs, JWT Authentication, RBAC

Databases: MySQL, Firebase Firestore

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Data Modeling

AI/ML: TensorFlow, OpenCV, NLP, ML Kit, YOLOv10

Tools: Git, GitHub, Postman, VS Code

Experience

Full Stack Developer Intern

Jun 2026 – Aug 2026

Excelencia iTech Consulting Pvt. Ltd., Chennai

- Built a Job Application Tracker SaaS using Flask and React with JWT authentication, role-based access control, and RESTful APIs.
- Designed normalized database schemas and workflow automation for multi-user enterprise applications.
- Applied Agile development practices including testing, code reviews, iterative deployment, and stakeholder collaboration.

Frontend Developer Intern

Jun 2025 – Jul 2025

Inspires (Remote)

- Developed responsive React interfaces integrated with REST APIs and reusable frontend components.
- Improved application performance through frontend optimization and API request reduction.
- Collaborated with developers to deliver scalable and user-centric software features.

Projects

Job Application Tracker SaaS

Flask — React — MySQL

- Developed a full-stack platform for managing job applications with authentication, workflow tracking, and role-based access control.
- Designed RESTful APIs and normalized database schemas supporting scalable multi-user operations.
- Automated application lifecycle management from submission through final status updates.

AttendEase

Flutter — Firebase — TensorFlow Lite

- Built an AI-powered attendance management system achieving 92% face recognition accuracy.
- Implemented real-time synchronization and role-based access control, reducing manual attendance effort by 80%.
- Integrated Firebase and TensorFlow Lite for secure and scalable attendance processing.

Education

Bachelor of Engineering in Computer Science and Engineering

2023 – 2027

Rajalakshmi Engineering College, Chennai

CGPA: 7.44/10

Class XII (Higher Secondary)

2022 – 2023

Jaigopal Garodia Matriculation Higher Secondary School

79%
